Yes No _____

The NASIG Mentoring Program requires a one year commitment of participation from mentees. This year's program will run from August 2023 to May 2024. Will you be able to commit to this timeframe?

Yes No _____

See the program description for specifics about program participation.

Why do you want to be mentored? What would be your expectations of this program?

Being mentored would be a phenomenal opportunity for me to learn how to enter the professional world of LIS. I'm passionate about what I'm learning in my courses and the skills come easily with study, however, I'm not as confident in my ability to navigate a professional environment after getting my degree online and asynchronously without one-on-one guidance. My expectations for this program would be to gain a better understanding of how to enter the professional field of archives and academic libraries after school as well as learn practices to prepare myself and bolster my resume while getting my degree. I would also be very interested in help developing roads to take in the field that fit with my own passions and circumstances.
